

<b>Title</b>
<u><a href="#">Project Based Learning in the Classroom: Setup, Integration and Reflection</a></u>
<b>Course location:</b>
<ul style="list-style-type: none"> <li>- Florence.</li> <li>- Berlin</li> </ul> <p>Other locations available upon request, write to <a href="mailto:teachertraining@europass.it">teachertraining@europass.it</a> for other locations.</p>
<b>Course Code</b>
CLA.1.PBL
<b>Language of the Course</b>
English
<b>Course objectives</b>
<p>This course has been created for educators who want to learn more about Project Based Learning (PBL) and how they can integrate this topic into their lessons and school curriculum using the latest techniques and classroom tools. PBL offers students an opportunity to be more engaged in the lessons and provides students with a deeper understanding of the topic through simultaneous exposure to a variety of learning methods. In this engaging and hands-on course, participants will gain an understanding of what Project Based Learning is, which tools are best for integrating PBL into your lessons, how to monitor and assess students using PBL and reflect on how educators can integrate PBL into their own teaching practices.</p> <p>By the end of this course, students will have gained greater insight into PBL projects for the classroom and how to integrate PBL into their lessons. They will become more confident in their own teaching and assessments and will take away ideas on how to integrate PBL into their classroom and school curriculum.</p>
<b>Learning Outcomes</b>
<ol style="list-style-type: none"> <li>1) Understand what PBL is and how to confidently implement it in class.</li> <li>2) Gain insight into a variety of activities that you can implement into PBL.</li> <li>3) Understand how media and technology can be integrated into PBL.</li> <li>4) How to assess students PBL projects confidently using rubrics.</li> <li>5) Create a detailed PBL lesson plan.</li> <li>6) How to implement school wide PBL programs.</li> </ol>
